

SUNNY, SMALL SPACE GARDEN

DESIGNED BY ELAINE MILLS

1. Trumpet Honeysuckle (*Lonicera sempervirens*)

Blooms Apr-Jun, and intermittently until frost;
semi-evergreen; 8-20' x 6-12'

2. Threadleaf Coreopsis (*Coreopsis verticillata* 'Moonbeam')

Light yellow flowers, blooms Jun-Aug; 18-24" x 18-24"

3. Switchgrass (*Panicum virgatum* 'Shenandoah')

Reddish-pink flowers, blooms/seed heads Sep-Feb; 3' x 2'

4. Beardtongue (*Penstemon digitalis* 'Husker Red')

White flowers, blooms Apr-Jun; basal rosette evergreen;
2-3' x 1-2'

5. Lanceleaf Coreopsis (*Coreopsis lanceolata*)

Yellow flowers, blooms Apr-Jun; evergreen; 12-18" x 12-18"

6. Garden Phlox (*Phlox paniculata* 'Jeana')

Deep pink flowers, blooms Jul-Sep; 2-4' x 1-3'

7. Butterfly Weed (*Asclepias tuberosa*)

Orange flowers, blooms Jun-Aug; 1-3' x 12-18"

8. False Goldenrod (*Solidago sphacelata* 'Golden Fleece')

Yellow flowers, blooms Aug-Sep; 12-18" x 12-18"

9. Wild Bergamot (*Monarda fistulosa*)

Lavender flowers, blooms Jun-Sep; 2-4' x 2-3'

10. Letterman's Ironweed (*Vernonia lettermanii* 'Iron Butterfly')

Purple flowers, blooms Jul-Aug; 2-3' x 2-3'

DESIGNER'S STATEMENT:

"... these [plants] were chosen for their more compact size, their preference for a sunny location, and for their tolerance of drier soil conditions. I was also aiming for species and cultivars that will create a sequence of bloom and provide good wildlife support as sources of nectar, pollen, seeds, and fruit. Some of them can also serve as host plants for Lepidoptera."

-Elaine Mills
